

Dear Parent –

Thank you for registering early for San Luis Obispo Classical Academy! We are honored that you would consider the school and we would like to make the process for completing your application as clear as possible. We accept families in the following order: 1. Currently enrolled families, 2. Early registration new students, and 3. Open enrollment new students. We begin accepting open enrollment student applications for the 2012-2013 school year on March 5th, 2011. By then, our current families have completed their registration and if available, your spot/s have been reserved right after these families. If no spots are available, your student/s will be placed on the wait list according to the date of your early registration application. However, to keep your placement, *you must complete the rest of the process and have the application in to the school by March 12th*. The completion of this process indicates to us that you are still committed to enrolling and it allows us to assess our space availability for those in the application process. If we do not hear from you by March 12th, you will no longer have priority enrollment and will be placed in line with brand new applicants.

We will be contacting you in early February 2012 regarding the next steps in this registration process so you may plan and prepare. In the meantime, please make sure you are signed up for our Friends of SLO Classical Academy email list by visiting our website and indicating interest in this service. In addition, if you have any questions about the application process or the school, please do not hesitate to call or email us.

Thanks - Susie Theule, Ph.D.
